

VRUSHABH DIGRAJE

FULL STACK DEVELOPER (JAVA | MERN)

Pune, India | +91-9767747360 | vrushabhdigraje07@gmail.com
LinkedIn | GitHub | <https://vrushabh-digraje-portfolio.vercel.app/>

SUMMARY

Full Stack Developer with hands-on experience across the MERN stack (React.js, Next.js, Node.js, Express.js, MongoDB) and Java (Servlets, JDBC, Hibernate, Spring Boot). Skilled in building responsive interfaces, designing REST APIs, and implementing JWT authentication. Comfortable with SQL/MongoDB database design, Git/GitHub, and Postman for API testing. Deployed production apps on Vercel and Render. Fresher-ready, immediate joiner, adaptable to Agile teams, committed to clean, maintainable code.

TECHNICAL SKILLS

Backend Development: Node.js, Express.js, REST API Design, JWT Authentication, MongoDB, Mongoose

Frontend Development: React.js, Next.js, Redux, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design, Bootstrap, jQuery

Java Backend (Additional): Servlets, JDBC, Hibernate (ORM), Spring MVC, Spring Boot

Database Management: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Render, MySQL Workbench

Practices: Agile Development, Full Stack Architecture, Version Control, Debugging & Performance Optimization

EXPERIENCE

Full Stack Developer Intern

Jul 2026 – Present

AiDamsale Agile Services Pvt. Ltd

Pune, India

- Building responsive user interfaces with React.js and Next.js as part of an Agile team, translating requirements into functional, reusable frontend modules.
- Integrating REST APIs to connect frontend components with Node.js and Express.js backend services, ensuring smooth client-server data flow.
- Following secure coding and data-handling practices while debugging and resolving implementation issues across the application.

Java Full Stack Intern

Jan 2026 – Jun 2026

Envision Computer Training Institute

Pune, India

- Trained in full-stack Java development including Core Java, Servlets, JDBC, Hibernate, and Spring Boot through hands-on projects.
- Built and consumed REST APIs, connecting backend endpoints to front-end interfaces to reinforce end-to-end development skills.
- Designed and managed MySQL databases while applying OOP and MVC principles to real-world coding exercises.

MERN Stack Intern

Feb 2025 – Mar 2025

EY Global Delivery Services (EY GDS)

Remote

- Built end-to-end web applications with React.js on the frontend and Node.js/Express.js on the backend, improving responsiveness and scalability.
- Implemented RESTful APIs enabling efficient data communication between the client interface and MongoDB-backed services.
- Improved application performance through debugging and code optimization within a collaborative Agile environment.

PROJECTS

NextLearn — Learning Management System (LMS) — *React.js, Node.js, Express.js, MongoDB, JWT*

- Developed a full-featured LMS front end with React.js supporting course browsing, enrollment, and content delivery for end users.
- Consumed RESTful APIs for course and enrollment management, keeping frontend state in sync with backend data.
- Designed an intuitive, responsive interface for tracking learning progress across devices.

Aurelia — Hotel Room Booking Platform — *React.js, Node.js, Express.js, MongoDB, JWT*

- Built a React.js-based booking interface allowing users to search, reserve, and manage hotel rooms in real time.
- Integrated RESTful APIs for room availability, booking creation, and reservation history on the client side.
- Deployed the live application on Render, gaining hands-on experience with production frontend deployment.

EliteCars — Car Rental Web Application — *Java Servlets, JDBC, MySQL, HTML, CSS, Bootstrap*

- Designed a responsive HTML/CSS/Bootstrap interface for browsing and booking rental cars, backed by Java Servlets and JDBC.
- Implemented authentication and reservation management with secure server-side data handling.

CERTIFICATIONS

- EYGDS AICTE Internship Completion Certificate
- Java Full Stack Development Certification
- Python for Data Science (NPTEL) — 4-week certification by IIT Madras

EDUCATION

Bachelor of Engineering in Computer Engineering

2022 – 2026

Trinity College of Engineering and Research, Pune — CGPA: 7.24

Higher Secondary Education (HSC)

2021 – 2022

Chate Jr. College of Science, Shahupuri, Kolhapur — 69.83%
